Alexandre Says
Patronizing Waco's manufacturers insures Waco's prosperity. If ever people will make it a point to purchase home products where they are as cheap and as good as the foreign produced article, it would give employment to a greater number of our people and give additional trade to our merchants. Last month four thousand cans and packages left my store all marked Waco, carrying the news on the label that Waco was large enough to support a Baking Powder Factory, Steam Coffee Roaster and a Spice Mill. Alexandre's Baking Powder is the best and sold everywhere for 25 cents. Three men and a boy find employment now and I will add other goods and manufacture them right here and employ more hands if I succeed.
Yours truly,
P. L. ALEXANDRE,
Baking Powder Manufacturer and Steam Coffee Roaster.

NUMBER 500.

THE WACO SCHOOLS.

Preparations for the Opening Exercises.

TEACHERS' MEETING THIS MORNING.—SKETCH OF THE NEW SUPERINTENDENT, PROF. A. A. MCGREGOR.

On Monday last a meeting of the principals of the city white free schools and Superintendent McGregor was held in the high school building to discuss school matters. Yesterday the superintendent met the colored teachers and this morning a general meeting of all the white teachers was held at 9:30 in the high school building. All the teachers were present except Miss Kate Friend, who is detained in Wyoming on account of a painful accident which befel her while riding horseback some ten days ago. These meetings of the teachers will be held again to-morrow and Friday. The following is the assignment of teachers for the approaching session:

WHITE SCHOOLS.
First District, first ward—Prof. W. S. Ferguson, principal; Mrs. Hattie G. Beard, assistant; Mrs. M. L. Leach, Miss Lizzie Hugheson, teachers.

Second District—Prof. J. M. Ferguson, principal; Miss Viola Humphreys, assistant; Miss Mamie Burns, Miss Gussie Shaw, Miss Christine Ulander, Miss Jennie Fearhake.

Third District—Mrs. W. D. House, principal; Mrs. J. G. Harrison, Miss Kate Friend, Miss Annie Evans, Miss Mary West, Miss Stella Anderson.

Fourth District—(Central school) Prof. D. G. Taylor, principal; Mrs. E. G. Anderson, Prof. H. M. Butler, Prof. A. W. Kinnard, Miss Jennie Moore, Miss Priscilla Draper, Miss Nettie Darrow, Miss Zella Burns, Miss Lula Rainey.

Miss Theresa Hutchenrider, super-numerary.
Fifth District—(East Waco) Prof. J. T. Strain, principal; Mrs. L. J. Maakew, Mrs. M. A. Strain.

COLORED SCHOOLS.
First District—T. N. Johnson, Miss Ada B. Williams.

Second District—Prof. A. J. Moore, principal; Mrs. Mary E. Moore, Miss Vera L. Moore, Miss Leah Easter.

Third District—Prof. L. M. Sublett.
The meeting this morning was addressed by Mayor Hinchman, who made a brief and appropriate address.

Prof. A. A. McGregor, the new superintendent, who succeeds Prof. J. N. Gallagher, has been laboring industriously and successfully to have everything in readiness for the school opening next Monday. He is a courteous, affable gentleman who comes to us with the highest endorsements as an able and successful instructor. In this connection the following sketch will prove interesting:

Prof. McGregor was born in Laurens county, Alabama, in 1835 and grew to manhood there. He graduated from LaGrange College, in old Franklin county, in July 1854 and returned to Laurens county where he engaged in teaching for several months. The succeeding year he was called back to his Alma Mater to take charge of the department of mathematics and remained in that position until the college was closed by the invasion of the Federal army in 1862. Discarding the teacher's role and text book he took up the sword and entered the Confederate service. He joined the cavalry under Gen. Forrest and afterwards under Roddy; his colonel was Jeff Forrest, brother of the renowned cavalry leader. Since the war Prof. McGregor has been engaged almost constantly in the school room. Returning to LaGrange he taught a private school for sometime, after which he taught in Tusculum. After two or three years of retirement spent on the farm, on account of failing health, he was called to take charge of the Hartwell Male and Female College, in Morgan county, Alabama, which position he held when, in July last he was elected superintendent of the Waco schools.

Prof. McGregor has met many old acquaintances since his arrival here.

A Printer in Limbo.
At two o'clock this afternoon a printer by the name of Jordan, was arrested by Capt. Van Hall, of Hall & Waller's detective agency, and Officer Aymer Moore of the city force. The arrest was made at the Day office where Jordan had just started to work. He is charged with horse stealing in Fayette county, and the arrest was made on a telegram from B. J. Zapp, sheriff of that county. Jordan is one of the great army of peripatetic typographical artists more popularly known as "Tourists" and had only been in Waco a few days

before the eagle eye of Van Hall spotted him and his arrest soon followed. He is not unknown here, having worked in Waco about 8 years ago. He is in jail awaiting the arrival of the officers from Fayette county.

Waco Female College.

The meeting at the Baptist church last night to discuss the removal of the Waco Female College was well attended. Mr. James B. Baker presided, and several addresses were made. Rev. F. T. Mitchell spoke earnestly in behalf of the removal. He stated that the present buildings were greatly over-crowded, and many applicants had been refused. Grounds for new buildings had been donated and the purpose now was to erect a \$40,000 edifice on them, ample for the accommodation of pupils for many years to come. The following gentlemen were appointed a committee to prepare an address to the people: J. B. Baker, Felix H. Robertson, D. R. Gurley, N. B. Sligh, Dr. W. H. Wilkes. After arranging for another meeting in the district court room next Tuesday night, the meeting adjourned.

From Carpenterville.

Editor EVANSING NEWS: We have not got our Electric light yet, but will get up a petition, and present it to the city fathers and see if they will take pity on us, but there is another thing we need nearly as bad as a light and that is a street car line. As you know, we have 150 inhabitants in "our burg" 40 of whom are mechanics, who work down in town. Now if the Waco Street R'y. Co. would extend a belt line out Eighth street to Jefferson, thence west to Ninth, thence north to West Avenue, thence south to Sixteenth, thence south to Washington, connecting there with the Washington street belt line and using that to the stables and back to Eighth street. I am sure they would make it pay, especially if they would give transfer tickets to the mechanics, for it is a solemn fact, that their work is located somewhere about Waco creek three-fourths of the time. We don't want the Earth, but we want as much of it as we can use to an advantage, and as an electric light and a street car line are a necessity we want them very badly. I have no property to sell out here, but if I did have, I would work the harder to get them to give us a light and extend the street railway. Property is entirely too cheap here for it is the prettiest part of town, and yet lots are selling at from \$250 to \$300 each, we have more pretty girls here to the square inch than any other part of town.

A CARPENTERVILLIAN.
Sept. 10, 1888.

Telegram From Father Badelon.
The following telegram was received by Father H. J. Shaw from Father A. Badelon this morning. It is dated at Detroit, Mich., and reads: "I will be in Waco Saturday, at one o'clock p. m."
